TheHollies
Care Home

A Warm Welcome

The Hollies Nursing & Residential Home is situated on the outskirts of Pontypridd with stunning views over the valleys and is easily accessible by public transport.

The purpose-built home is tastefully decorated to create a warm and homely environment for your loved ones, while the care team provide the highest standard of relationship-centred care.

Residents can continue to enjoy their hobbies and interests with us, whether it's cooking, gardening, reading or taking day trips, we will help to engage them in any way we can. With our range of focused initiatives and new experiences we endeavour to enrich their lives beyond their expectations.

Food is an important aspect of everyone's lives and our chefs work very closely with a nutritionist to ensure residents enjoy a variety of healthy, tasty meals.
